Singapore Jewellery & Gem Fair is back for its fifth instalment

The Singapore Jewellery and Gem Fair returns at the Marina Bay Sands Expo & Convention Centre, Exhibition Halls A & B, on 27 to 30 October, with a strong line up of exhibitors presenting a diverse range of fine jewellery, diamonds, gemstones, and pearls.

The fifth edition of one of Southeast Asia's most anticipated jewellery fairs has quite enough to keep everyone excited. The show will continue to stimulate and surprise jewellery enthusiasts, buyers, and collectors with over 100,000 pieces of exquisite creations from over 150 regional, international, and Singapore-based designers and exhibitors — all showcased across 6,000 square metres of exhibition space. The SJGF offers customisable jewellery, wherein visitors can choose their favourite gemstones, pearls, and diamonds and have them set or mounted the way they wish. Another highlight of the event is the vast collection of luxury gifts for the upcoming festive season.

As part of the fair, seminars, workshops, and fringe activities will provide a greater immersive experience to visitors. Also held in conjunction with the gem and jewellery fair, the Art of Living Preview brings together contemporary art, crafts, furniture and home décor with over 30 select designers and artists showcasing their works during the four-day event.
